JOCK'S WAGGIN' TONGUE

Vol. 5 Thurs. May 11 1939 No. 13
Jock McIntyre, Editor

Lethbridge Board of Trade has left with us 100 programs for the opening of Xenon Air Field on June 7th. Get yours now and win a trip by air to Vancouver or Winnipeg.

Come in some time and look over our sample books of Sun-derly wall papers. There are patterns and prices to suit you.

Gre. Ore reports that he has bronze and silver Medallions for sale at ten and fifty cents. These are exact replicas of those to be presented to the King and Queen by the Dominion.

Marshall Wells paint sale is until May 15th. Don't miss this opportunity to save on your spring clean up.

Wm. Penn and North Star oils and greases "Still the Best."

The Portland Kid (Arthur Ulrich) seems to have met up with something in Calgary. He and other sinners spend some time looking for.

See the Mossberg and Savage 22 single shot rifles at our new low prices. You will be interested in these.

The old days were easier. Then the only time folks saw red was when they looked at a farmer's barn.

New Haven summer watches are all the rage just now, one of them would elude the heart of any boy or girl.

In the spring a young man's fancy turns to what the girls have been thinking about all winter.

Minnie Blochly cut out some of those good McDirg cream separator the other day. Minnie says she wants all the cream.

Head-on really ought to wear a hat when you go out in the evening. "It's neither, I am wearing a hat. It's on the other side."

If you squawk about the bills you receive on the first of the month you just ought to see ours.

If you are looking for a real used car you will want to see this one. 1935 De Luxe Chevrolet Sedan, reconditioned, frame lifted and really rugged and powdered, yes man and at what a price too.

Reject Plan For Travelling Teacher

Local School Board Feels Finances Will
Not Permit Of Scheme at This Time

After considerable discussion Champion Consolidated School Board in monthly session, Tuesday, decided that it could not enter into a scheme for joint action in the teaching of modern training and domestic science at the present time, due to financial obligations. It was felt that the course would be a benefit and eventually would be adopted preferable with instructors within the schools rather than the pool scheme.

Inspector Williams made a lengthy report on his recent visit to the school. In the accompanying letter he recommended Miss Kathleen Collins of Coaldale as one who would prove efficient on the staff, also Miss Fleming in connection with an anticipated resignation. In connection with the latter he stated his remarks were not influenced by the presence of the father of the young lady, on the Board, but solely on her qualifications. The matter will be discussed when the Board will have an actual situation before them on the table.

Payment of a charge of four dollars to the Bank of Commerce in connection with searching up deposit slips and other documents at the time of this special audit was rejected. It being felt that the Bank might easily give this recommendation to the Board considering their account and the circumstances all being required to cooperate for the good of the community and the clearing up of the deficiency.

May 25th and the day the King and Queen visit, Calgary will be both school holidays. It was decided.

Many other matters of routine were dealt with by the Board.

Lomond Pioneer Passes

Funeral services were held for Mrs. Marie Anne Hamner at Lomond on Saturday afternoon, Mrs. Hamner was born in Norway 1861, coming to Lomond in 1900, and resided in the district for thirty years. She died on Monday, May 8, 1939, at the age of 77 years. She was survived by her husband, Mr. Hamner, and two sons, Mr. and Mrs. Wm. Hamner, and two daughters, Mrs. Wm. Hamner and Mrs. Wm. Hamner. Mrs. Hamner passed away at Vulcan in her seventy fourth year. Her funeral services were held at Lomond on Saturday afternoon.

MAIN STREET

Miss Geraldine McNaughton has returned from San Francisco where she finished a year's course in hairdressing and Cosmetology. After a short visit home she left for Calgary having accepted a position at the Arcade Beauty Parlor.

Special commemorative stamps will be on sale at the post office commencing Monday also medallions. Special silver dollars can be secured at the local bank.

Death of Walter Zahorek on April 18th on the right of way of the C.P.R. was due to heart failure was the verdict of the Coroners jury which sat at the Arcade Beauty Parlor.

At the semi-annual meeting of the Presbytery of High River held Monday at Vulcan, Rev. W. Morrison, of Blackie was named chairman, Rev. D. Elison, of Turner Valley, secretary and Rev. Dubson, of Vulcan, moderator.

Routing matters were discussed. Rev. Peter Dawson and G. S. McLean represented Champion congregation at the meeting. Mr. Dawson was elected to the standing committee on Evangelism.

Results of the boys' baseball here on Monday was Champion 7 Stately 14. Girls basketball, Stately 15, Champion 8. While the scoring and play was rugged the events were most enjoyable from a school event standpoint.

Mr. and Mrs. W. H. Collier and family and J. F. Yelland of Vulcan were Sunday visitors at the home of Mr. and Mrs. Pat Larkins.

High school boys enjoyed a address given by G. W. Mills, secretary Boys' Work Board on Tuesday on vacation for boys given under auspices of the local Women's Institute. Mr. Baker presided. Thanks of the boys were expressed by Jas. Brown. Supper was served at Mrs. Vicer in charge. Owing to a meeting at Red Hill next meeting June 20 no representatives can attend the constituency convention.

Mrs. Peter Dawson has returned from Calgary where she visited with relatives for a few days.

Dr. and Mrs. Freese left for a vacation. During the doctors absence Dr. Strouman will be in charge of the practice.

Mr. John Beaulieu had an accident last week which might have resulted in serious results when an infuriated cow charged the lady, knocking her down. Mr. Beaulieu made an effort to wrest off the attack with a pitch fork and with the aid of a dog did rescue Mrs. Beaulieu.

Recent Bride Honored

Two lovely showers were held for Mrs. Anna Browning of St. Anthony Idaho (nee Jayne Inge son). At the party held by Mrs. R. A. Clements, several of the ladies from Alton district were present. The guest of honor was presented with a beautiful gift as a token of affection from those present.

Miss Margaret Gatenby and Miss Dorothy Hummel entertained 24 of the younger set at a miscellaneous shower where useful and lovely gifts were presented to Mrs. Browning. Mrs. Browning returned to Idaho for her immigration five weeks ago and her husband motored up from St. Anthony on Saturday. The couple returned back this week returning via Glacier and Yellowstone Parks.

Minutes of M.D. Council of Harmony

The regular monthly meeting of the Council of the Municipal District of Harmony was held last Thursday. All members were present, and Reeve Griffin occupied the chair.

Minutes of previous meeting were read and adopted on motion of Mr. Hoffman.

Secretary presented regular monthly statement of receipts and expenditures and after examination by the council, same was accepted on motion of Mr. Hoffman.

Several ratepayers approached the council, in respect to advances for Fuel Oil and Seed Grain. Reeve Griffin advised these gentlemen that the council would make a decision, and they would be advised later.

The council discussed a proposition in respect to an automatic sign at the railway crossing on the highway adjacent to the C.P.R. Mr. Hoffman moved that the secretary take the matter up with the C.P.R. Right-of-Way Department. Carried.

Ed. Wale approached the council in respect to the old road which adjoins his property. Coun. Matlock moved that this road be closed a proposition be put up at gate, and that the Reeve interview Andrew Fath in this matter. Carried.

Adjutant Hill of the Salvation Army paid his regular visit, and gave a brief report of the work being done by this institution, and coun. Ellis moved that the regular grant in the amount of \$10 be given for 1939. Carried.

Dr. Freese approached the council in respect to his vacation, and council advised that same was in order. Reeve Griffin moved that secretary be granted a petty cash allowance of \$25 to take care of minor expenditures brought about by freight and express charges, etc. Carried.

Accounts in the amount of \$2,078.26 were presented by secretary, and on motion of coun. Matlock were ordered paid. Carried.

Application for Old Age pension was presented from Wm. Truesdell and on motion of Reeve Griffin was approved. Carried.

Secretary presented correspondence from the United States in respect to the North-Western Railway. Coun. Matlock moved that secretary communicate with them and advise that the man is an American citizen. Carried.

Application for Old Age pension and on motion of coun. Ellis was recommended. Carried.

Council discussed the assessed valuation and current realizations for the Municipal unit, and on motion of coun. Matlock a vote of 7 was approved. Carried.

Coun. Hoffman moved that a By-law of Municipal District and their officers be purchased for \$2.50 to be used in the Municipal office. Carried.

Council discussed the tenders for painting the Municipal office. These were brought down to two tenders, a bid was taken and the tender submitted by Alex. Russell was accepted. This was in the form of a motion by coun. Matlock.

Council discussed payment for horses working on Public Works and on motion of coun. Hoffman that the same be paid to the tenderer per horse per day. Reeve Griffin moved that the council endorse each line item for the secretary's office. Carried.

Reeve Griffin advised the council that he had been seen at the local sale in Vulcan which were very suitable for the council room, and the Reeve was authorized to make the best possible deal he could for these. This was on motion of coun. Ellis.

The next order of business was resolutions, and coun. Ellis and Matlock agreed to act as this committee. Secretary was asked to write for a motor, also that the Village council be consulted in connection with the lack for milk mixing.

Council discussed the price of the Municipal office building on the site and the well, and on motion of coun. Hoffman that a price be set at \$1000 for this.

Meeting adjourned.

AIM TO COLLECT ALL DOG LICENSES

Pound Keeper Appointed to En-
force By-laws

Meeting of the Village Council on Thursday was featured by the decision to employ D. Chamberlain as dog catcher and pound keeper, the by-law respecting licensing of dogs to be enforced strictly. License will remain as in the original by law \$1 for male and \$2 for female dogs. The by-law respecting dogs and other animals will also be enforced by Mr. Chamberlain. In the case of dog licenses a warning appears else, where regarding this matter.

Correspondence was tabled from the Fire underwriters with reference to the storage of gasoline. There must be two hundred feet isolation between gas line storage and other buildings otherwise an increase of rates would be effected. It was decided to prohibit the parking of trucks with gas on the main streets and notices have been printed directing where parking will be allowed.

Two concrete methods of co-operating with the council of Harmony were decided upon. First the municipality will give the free use of the rink for mixing grasshopper poison and secondly a woman will be placed in charge of the ladies rest room with instructions to visit same at least once a week.

Following the report of the planting of trees Councilman Grever suggested that trees be planted by the council next spring in all corners of property who state that they would take care of same. It was felt that the appearance of the village could be improved with the planting of shade trees and with the council and residents are requested to report trees that they require to plant trees when the secretary makes a notation, so that when the proper time comes to place the order his list a definite schedule will be evolved for the planting of trees on all boulevards, within the village.

Other matters such as the cleaning up of the cemetery.

Worth Investigating

If statements made by George A. Hurst of Regina, as they appear in a pamphlet entitled "Salvaging the Hudson Bay Route," which has recently been widely distributed by the On-to-the-Bay Association, are well founded, it would appear that it is high time Western Canadians gave some attention to allegations that the route is being throttled and gave some consideration to a resolution recently passed by the Association.

The resolution to which reference is made reads:

"That this Association go on record as being in favor of the principle of Western Canadian management of the commercial facilities of the Port of Churchill, and that they should be brought under the control and management of a Western organization in conjunction with the provincial governments of Saskatchewan and Manitoba."

In preferring his charges that the route is being undermined and rendered ineffective, partly because of lack of knowledge or indifference on the part of some who should have the western farmers' interests at heart and partly because the grain trade, in conjunction with remote officials is hedging the use of the route with impossible restrictions, Mr. Hurst should know where he speaks, for during most of the construction period and the entire time the port has been in operation up to January, 1938, he resided and worked at Churchill as accountant for the Dominion government.

It is perhaps significant that, while the On-to-the-Bay Association disclaims any responsibility for the correctness of the statements and charges made by Mr. Hurst in his pamphlet, the Association evidently considers them of sufficient importance to warrant wide publicity for them, by making arrangements for distribution of the pamphlet and by pointing out that although the contents were published earlier in a series of articles "as far as we are aware no one has come forward to dispute the truth of the statements made."

Inquiry Decisive

The fact that Mr. Hurst was in a particularly favorable position to secure the information on which he bases his premises, coupled with the sponsorship of the pamphlet by the On-to-the-Bay Association, an organization which has carefully studied the route in its activities, indicates the desirability of an inquiry being made into the method of operating the route, with a view to some change in the form of management of the port and its facilities if such an investigation shows that effective control of the route is being throttled by counter interests and the interests of the producers are not being protected.

When it is remembered that over fifty million dollars have been invested in the Hudson Bay railway and the Port of Churchill and its facilities and that, if Mr. Hurst is correct, the great bulk of the cost was borne by the west, no stone should be left unturned to see that the westerners' interests in this large expenditure is protected, and that it be made to yield the return which was expected of it during the half century fight to establish a short and direct export and import route between the prairies and the European countries.

If the port is being allowed to languish and the route to die of inanition, as Mr. Hurst claims when he speaks of it as the "starved and unwanted child," with specific details to support it, then no time should be lost in taking whatever steps may be necessary to revitalize the route and, if possible, to make it the important and effective artery it was intended to be.

Interesting Suggestions

Any person who reads the pamphlet with care cannot fail to be impressed with the background of the subject of his subject apparently displayed by Mr. Hurst and the apparent prima facie case which he makes out for a change in the administration of the port and its facilities and other proposals designed to cheapen the use of the route and enable it to return greater dividends to prairie and western business.

Not the least interesting of Mr. Hurst's statements are contained in the chapter devoted to freight rates, in which he contends that the average rate on the route was 1922 to 1927 was 4 1/2 cents compared with an average of 8 1/2 cents before Churchill entered the lists as a competitor.

If the figures are correct there seems to be some foundation for the assumption that, even though only a small fraction of the crop was handled through the Bay route during that period, the very existence of this alternative artery had an important bearing on the returns to the farmer for the entire crop in that six-year period, provided the savings were returned to the producer.

On this basis, what might happen to rates on the Great Lakes were the Bay route to be rendered a negative factor and the Port of Churchill closed up as a "white elephant" is a subject for interesting speculative thought.

Even if some of Mr. Hurst's claims could not be established, the suggestion that the administration of the port be turned over to a body of Westerners, who could be relied upon, not only to stem stagnation or worse, but actively to promote business for the Hudson Bay route seems to be a rational one. After all, the west is the parent of the project and could surely be depended upon to nourish the youngster much better than a foster mother.

King George Opens Hospital

Children's Wings Bear Names Of The Two Royal Princes In South-West Africa

The King opened the new Westminster Hospital in London, and in reply to an address on behalf of the governors of the institution, and the new buildings "incorporate the latest improvements in hospital planning and technique." His Majesty announced that the children's wings of the new hospital will bear the names of his daughters and be known as "Princess Elizabeth Wing" and "Princess Margaret Rose Wing."

England is showing more interest in wheat, according to overseas despatches.

Weather proof mirrors have been devised for use in astronomical and optical measuring instruments.

A New Industry

Iceland Spar Is Being Developed In South-West Africa

A new industry—the production of Iceland Spar—is being developed in South-West Africa, the former German colony which is now held under mandate by the Union of South Africa.

Iceland Spar was discovered in the territory in 1926. It is a crystal which has wide uses in the manufacture of optical instruments, television sets, color photography apparatus, laboratory instruments, periscopes and range-finding devices.

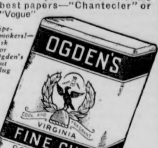

Reserves are said that South-West Africa would be able to fulfill the requirements of the entire world.

There are estimated to be 200 radio sets in operation for each 1,000 residents of the United States.

THAT REMINDS ME—OGDEN'S COKE & SMOKING

You'll get a lot of extra pleasure in rolling your own with OGDEN'S because it is a really cool, better cigarette tobacco. Of course you'll roll them with the best papers—"Chantrelle" or "Vogue".

Visible Gold Stock

More Than Half Of All Gold Held In United States

The United States held 58 per cent of the visible gold stock in the world at the end of 1938, the economic study service of the League of Nations reported.

An increase of \$1,511,000,000 in American gold holdings during the year resulted largely from gold shipments from Europe during international tensions.

Holdings in the British stabilization fund, declined one-half during the six months ending last September 30. An additional "considerable reduction" occurred in the last three months of the calendar year.

Germany was reported to have fortified her gold reserve in March, 1938, by obtaining public and private holdings in Austria with the absorption of that country. Japan's gold reserve was "completely exhausted" in July, 1938.

SELECTED RECIPES

JELLY PANCAKES

- 1 1/2 cups sifted Swans Down Cake Flour
 - 1 1/2 teaspoons Calumet Baking Powder
 - 1/2 teaspoon salt
 - 2 eggs yolk, slightly beaten
 - 1 cup milk
 - 2 tablespoons melted butter or other shortening
 - 2 egg whites, stiffly beaten
- Stir four cups measure, add baking powder, salt, and sugar and stir again. Combine egg yolks and milk; add gradually to flour, beating only until smooth. Add shortening. Fold in egg whites. Spread with jelly and roll, or serve rolled around broiled sausage or bacon. Makes about seven 7-inch pancakes.

FRUIT PIE NEW STYLE

- 2 cups very finely crushed Shredded Wheat Biscuits (3-4 biscuits)
 - 1 tablespoon cinnamon
 - 1/2 cup granulated sugar
 - 1/2 cup melted butter
 - 3 cups drained cooked dried apricots
 - 2 egg whites
- Combine the Shredded Wheat crumbs, cinnamon and 1/2 cup of the sugar, add the butter and mix well. Pat 1 1/2 cups of this into a 9-inch pie pan and bake 15 minutes in a hot oven of 400 degrees F. Cool slightly. Arrange the fruit in the lined pie plate and top with a meringue made by beating the egg whites until stiff, then adding the remaining 1/2 cup sugar, while continuing to beat. Top with the remaining crumb mixture. Bake in a slow oven of 300 degrees F. until set and delicately browned. Cool. Makes one 9-inch pie. Serves six.

A Universal Alphabet

Has Been Perfected By An Engineer In Australia

To aid children in learning foreign languages J. R. Arden, engineer, Sydney, Australia, after four years of work has perfected a universal alphabet, embracing all sounds used in foreign languages and of which human speech is capable. The characters for the universal alphabet are like shorthand outlines.

The grave of Publius Nonius Zethus, ancient Roman banker, had a basket, a flour mill, a sifter, and various containers and baking molds carved on his tomb.

In England, 55 persons have incomes of more than a half million dollars a year.

Ammonia is obtained on a commercial scale as a by-product when coal gas is made.

Police Dog Made Good

Turned In Neat Job On First Assignment For R.C.M.P.

The newest member of the Royal Canadian Mounted Police in Nova Scotia, trained police dog, turned in a neat job on its first assignment. The dog found two young Indian boys a few hours after they strayed away from the Indian school at Schubenack about 140 miles from Halifax.

When the boys were reported missing, the police were called in. A piece of clothing of one of the boys gave the dog the scent and it started into the dense woods back of the school. The first youth was found about 6 1/2 miles from the building.

After the dog was returned to the school for a rest, it picked up the scent of the second youth from one of his shirts. It followed the original trail for five miles, then branched off and at a distance of three and a half miles farther on the other boy was discovered.

The dog, a 20-month-old Doberman Pinscher, is one of 23 used by the police in Canada. It was trained at the Regina headquarters.

Palatine Question

Manifesto Urges Arabs To Lay Down Their Arms

Arab circles reported King Ibn Saud of Saudi Arabia and the recent visit of the British ambassador to the United Kingdom, Sir Ronald Girding, urged the Palatine Arabs to lay down their arms in their conflict with Great Britain over Holy Land rule.

It was hoped by its sponsors that the manifesto, addressed to the Hajj Grand Mufti of Jerusalem, Hajj Abdul Effendi Al Husseini, would pave the way for Arab acceptance of the British proposals for settlement of the Palatine question. The Grand Mufti is in Syria.

Synthetic rubber made experimentally from petroleum gases is seen as much cheaper than synthetic rubber from coal.

Getting Back To Normal

Good Recovery From Slump

A person can do without new clothes more easily than without food. Hence a depression hits the clothing industry hard, how hard, report just issued by the Dominion bureau of statistics indicates. The women's factory clothing industry, which also produces children's clothing, had an output in 1938 worth nearly \$68,500,000, factory value. By 1932 production was down to \$42,000,000. But from then on, it increased every year until in 1937 it exceeded \$60,500,000, nearly all for home consumption as exports of wearing apparel total only \$2,500,000.

The men's factory clothing industry suffered even more from the depression, its output dropping from \$50,500,000, factory value, in 1929 to but little more than \$26,500,000 in 1933. But by 1937 it was up to \$45,500,000.

The combined factory output of the two industries in 1937 was \$115,000,000, and more than \$100,000,000 of that production was in the two central provinces. — Toronto Star Weekly.

Would Be Handy

To hit the market soon is a patented rain-controlled awning which automatically lowers itself after the first few drops of rain and just as automatically folds up when a downpour ceases.

A Minnesota physician has invented an oxygen mask for use during airplane flights at extreme altitudes that fits over the nose, leaving the eyes and mouth free.

Happiness quite unshared can scarcely be called happiness; it has no taste.

Important Discovery

Aid Cure For Pellagra Brings Award To Young Student

A \$1,000 award for discovery that nicotinic acid will cure pellagra was given to Conrad Arnold Kricheldorf, young University of Wisconsin biochemistry professor, at the closing meeting of the American Institute of Nutrition.

Nicotinic acid is a vitamin, but for 50 years it had been kicking around on laboratory shelves with no one suspecting its ability to cure what was long one of the most serious of human diseases.

Among the exhibits at the New England Antiques Show are dolls which were the object of Queen Mary's visit to a London shop and taken to Boston for the antiques show.

Going STRONG thanks to Shredded Wheat

CHILDREN enjoy crisp, golden-brown Shredded Wheat because it's 100% whole wheat. It's satisfying, nourishing, delicious, convenient and economical too! Four favored food values that please the family and help the homemaker. Serve Shredded Wheat out of the familiar package, every day, with milk or cream.

MOTHER'S DAY

Sunday will be observed as Mother's Day and this issue would be incomplete without some reference to the day and what it should mean to us all.

Who can properly describe the love and devotion of a true mother. Without thought of personal comfort or safety, mothers give over their lives to the promotion of the family, and their inspirational help is cherished long after leaving the parental home.

It is only fitting that once a year we pay our tribute to mother, to whom most of us owe all that we are, and resolve that we shall conduct ourselves in a manner which shall bring happiness to mother, if living, or honor her memory if she has passed to her reward.

"Campbells"

BARONS

A delightful party was held Friday in honor Mr. and Mrs. Stan Paulson, married on Easter Sunday. Games and contests were enjoyed. Supper was served cafeteria style which proved a novel idea. A purse was given to the honored guests Mr. Paulson thanked the friends in well chosen words.

Mr. S. Echen passed away suddenly on Saturday. He has resided in Barons many years. He is to be buried in Bourville on Wednesday.

Dr. McKenzie completed examination at the school Thursday.

Mrs. Francis Bulford and Charles Vickerman surprised everyone by the marriage on Tuesday evening instead of Wednesday as planned. Audrey Peacock and John McFarland were witnesses. They left immediately afterwards for Lethbridge.

Mr. and Mrs. Dave Liwellyn and Mrs. Pearl Morrison, Lethbridge, have been the guests of Mr. and Mrs. C. Coe for the past week.

CARMANGAY

The school children paraded from the school to the church last Thursday to attend the funeral service of their schoolmate, little Vera Cook. High school boys acted as pallbearers. Interment took place in Lethbridge.

Picture Show—"Sing You Sinners," with Bing Crosby.

A nice number of visitors from adjacent lodges were present at the regular meeting of the Masons Monday night.

Geo. Sakely of Kirkcaldy has bought the building which housed the Library from F.J. Rowley and moved it onto his farm east of Barons.

Mrs. O. L. Taylor left on Wednesday to take up residence at Chesholm.

Mrs. Collier, who has been visiting at the home of her son, returned to Lethbridge last Monday.

ADMITTED TO HOSPITAL
Ernie Baldy, Mildred Treadall, Champion; Carl Stettner, James Minty, Fred Anderson, Elmer Rozander, Mrs. Joe Williams Jr., Shirley Davies all of Carmangay.

DISCHARGED FROM HOSPITAL
Mr. Stettner, Mrs. Piested and baby Mrs. Charles Dick.

Educational Standards

In last week's writing we noted that under the larger unit parents are saved the necessity of paying tuition fees of about thirty dollars per student and maintenance of about twenty dollars a month for each one of these students. Now these are paid by the larger unit also school supplies are provided free for all children. Medical services have been extended to about two thousand children. Library services are given to all pupils at a cost of about thirty cents per pupil for the use of about one hundred and fifty books per annum for each child. Supervision of school music by a competent instructor has raised the standard of music in the Division higher than any rural area in Canada.

At the festival held in Lethbridge Dr. Collingwood, the adjudicator, said that he never before heard so many good boys' voices at any festival.

Seeing that the Champion area has been added to the Division recently, some interesting developments should be followed. The Division will co-operate with the Champion School Division in an endeavor to provide facilities for the children of the Area. Ten or twelve new students will be coming into the Champion school next term to take grade ten and eleven units. This increase together with the enrollment fifteen from Washington and Bow Valley will necessitate the engagement of an additional teacher in the Champion school.

Tuition fees will be paid by the Division, and these will approximate closely the cost of operating the seventh room in Champion. The Van operating in Washington and Bow Valley takes care of the transportation from these points. Children from other points will each receive an allowance of twenty five cents per day of attendance, which can be used for transportation or maintenance.

Serving the scattered population in the east area the Division would rather co-operate with the Champion School Board than build a one-roomed high school of its own in the country. With the co-operation of the two boards it will be much easier to furnish the new school services demanded by the new course, Typing, Music, Home, Manual Training, Domestic Science, and naturally more children will be able to take advantage of these courses.

We want to make Champion into an Educational Centre for the whole area.
